Municipal Water District of Orange County
P. O. Box 20895

Dear Stan:

Thank you for your letter of October 31, 1995 and for the copies of correspondence sent by Wayne Clark.

The facsimile you received from Wayne refers to a Related Programs Report, which is merely an inventory of existing programs in the Bay-Delta region prepared at the request of the Bay-Delta Advisory Council. This report does not relate directly to the CALFED Program. The proper indicator to see how the CALFED Program is viewing drinking water quality is in several documents, which I have enclosed: the Primary Problem Objective Statements and Problem and Objectives Narratives. In each case, I have highlighted or marked the appropriate sections.

I have also enclosed a full copy of the report Wayne has referenced. Let me know if this material and clarification helps out. If not, I can provide additional information.

Sincerely,

Lester A. Snow, Executive Director
CALFED Bay-Delta Program
